

Index to Summit House Register, 1852-1853 1980.025

Pages in the original are unnumbered; pages used here are scan image page numbers. The scan counts the front cover, flyleaf, etc. as pages. The first signature is on page 3 of the scan; the text proper begins on page 7.

Since these are signatures, deciphering some is difficult and in many cases only a guess could be made. "---" indicates that even a guess was impossible. Researchers should look for all possible variations of names.

(Mrs.) after a name indicates that the entry was: "Mr. and Mrs. J.A. Grant" or "Mrs. J.A. Grant"
[Mrs.] indicates that the entry was: "J.A. Grant and Lady."

NOTE: a number that is underlined (18) indicates the name appears more than once on that page.
